## Drunkard's path

• Begin by folding Template 1 from fabric A and Template 2 from fabric B in half to create a crease.

- Place Template 2 from fabric B right sides together with template 1 from fabric A, line up/ nest the two creases and pin.
- Then place a pins along the edge to make sure they stay together as you sew them.
- Make sure to sew at <sup>1</sup>/<sub>4</sub>" seam allowance.

• Trim the Drunkard's path to 51/2" square unit.

Sew rows together and press.

• Sew the Row 1-2 and Row 2-1 together. These should measure 401/2" x 801/2" approximately.

401/2" x 801/2

DIAGRAM 14

- Sew 9 (nine) 3<sup>1</sup>/<sub>2</sub>" x WOF strips together; then measure the distance from right to left of the quilt top.
- It should measure approximately 80½". Cut 2 (two) 3½" x 80½" strips from fabric B.
- Sew 1 (one)  $3\frac{1}{2}$  x  $80\frac{1}{2}$  on the top and bottom of the quilt top.

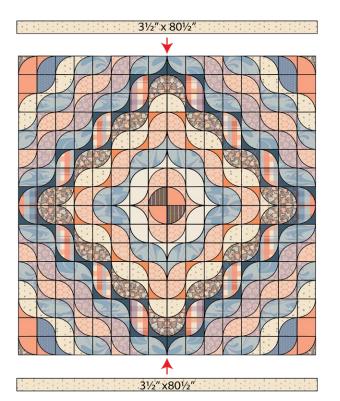

DIAGRAM 15

Using the left over strip from fabric B, measure 3<sup>1</sup>/<sub>2</sub>" x 86<sup>1</sup>/<sub>2</sub>" approximately to match the right and left side of the quilt top. Once matched, trim your strip and sew to the right of the quilt and to the left of the quilt to finish the outer border.

# QUILT TOP

DIAGRAM 17

## QUILT ASSEMBLY

Sew rights sides together.

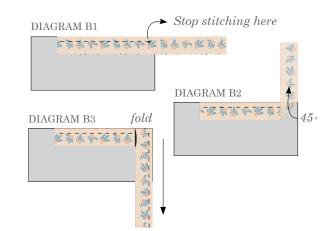

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the quilt to proceed to bind it.

## BINDING

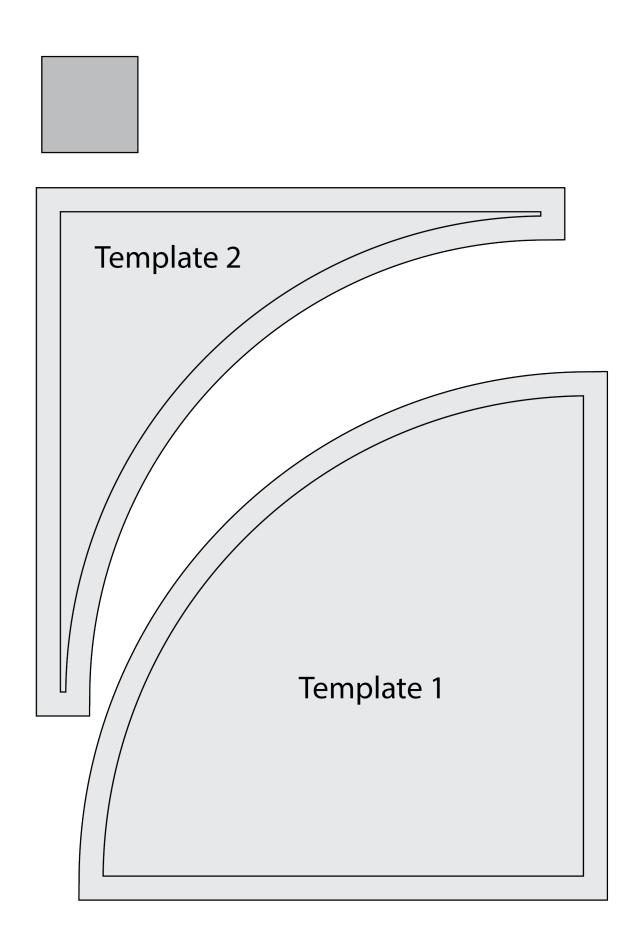

Sew rights sides together.

- Cut enough strips 2½" wide by the width of the fabric N to make a final strip 356" long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximated 5" tail. Sew with ¼" seam allowance (using straight stitch), aligning the strip's raw edge with the quilt top's raw edge.
- Stop stitching ¼" before the edge of the quilt (DIAGRAM B 1). Clip the threads. Remove the quilt from under the machine presser foot.
  Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2).
  Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3). Start sewing at ¼" of the border, stitching all the layers. Do the same in the four corners of the quilt.

- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).
- Trim seam to ¼" and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.
